Raport

la

Lucrarea de laborator Nr. 1

Disciplina: Tehnici de programare

Tema: ” PWN.College – Getting Started ”

A efectuat :

st. gr.SI – 261 Iurco Mihai

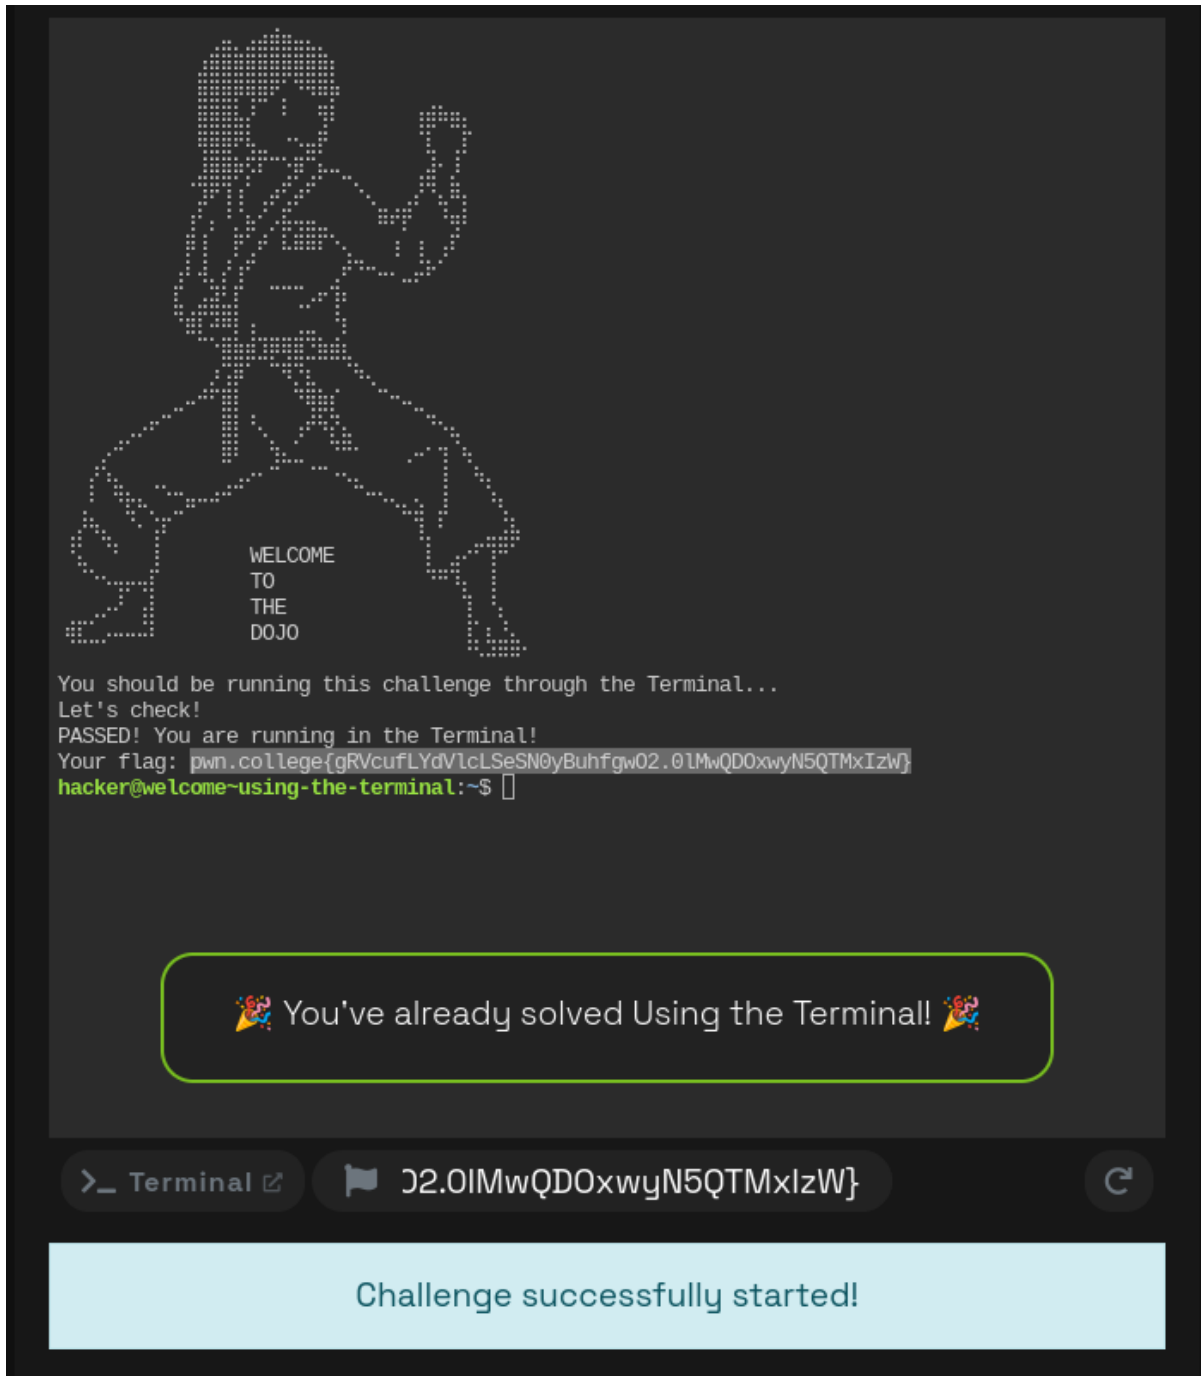

A verificat :

asistent universitar XXXXXX XXXX

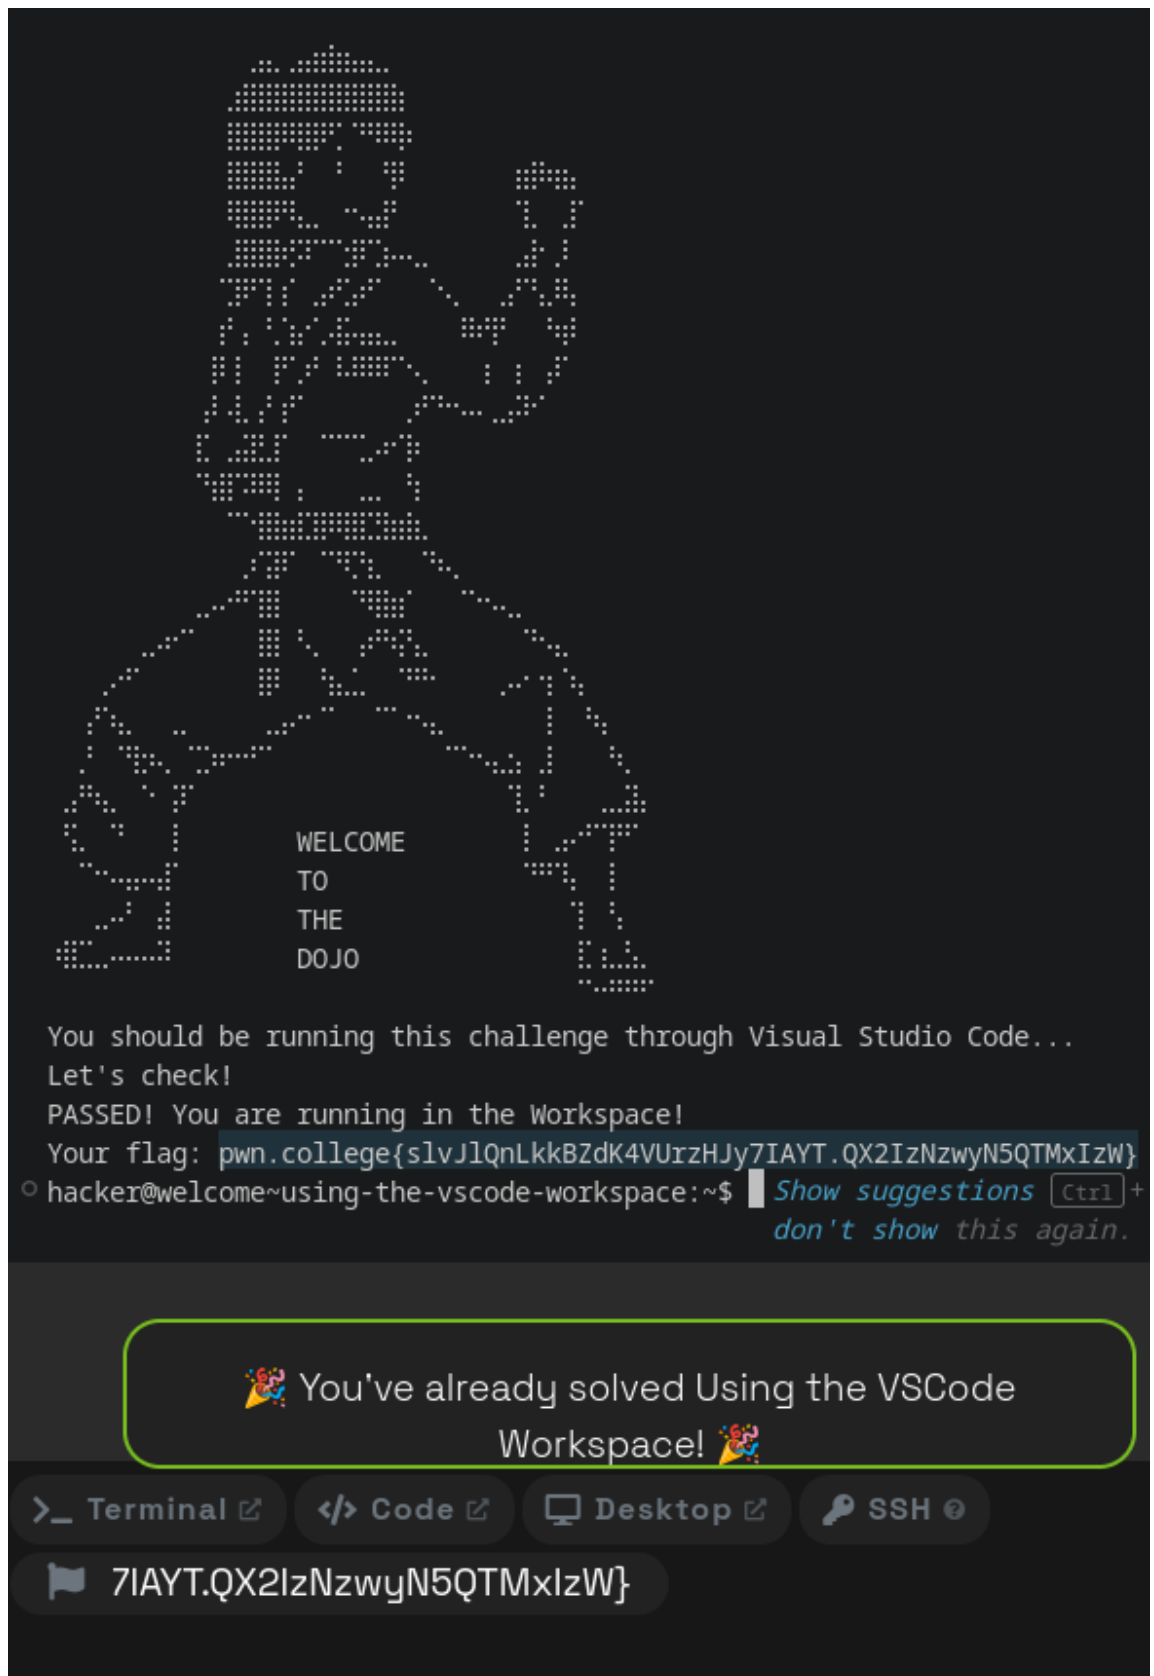

Chișinău – 2026

SARCINA LUCRĂRII

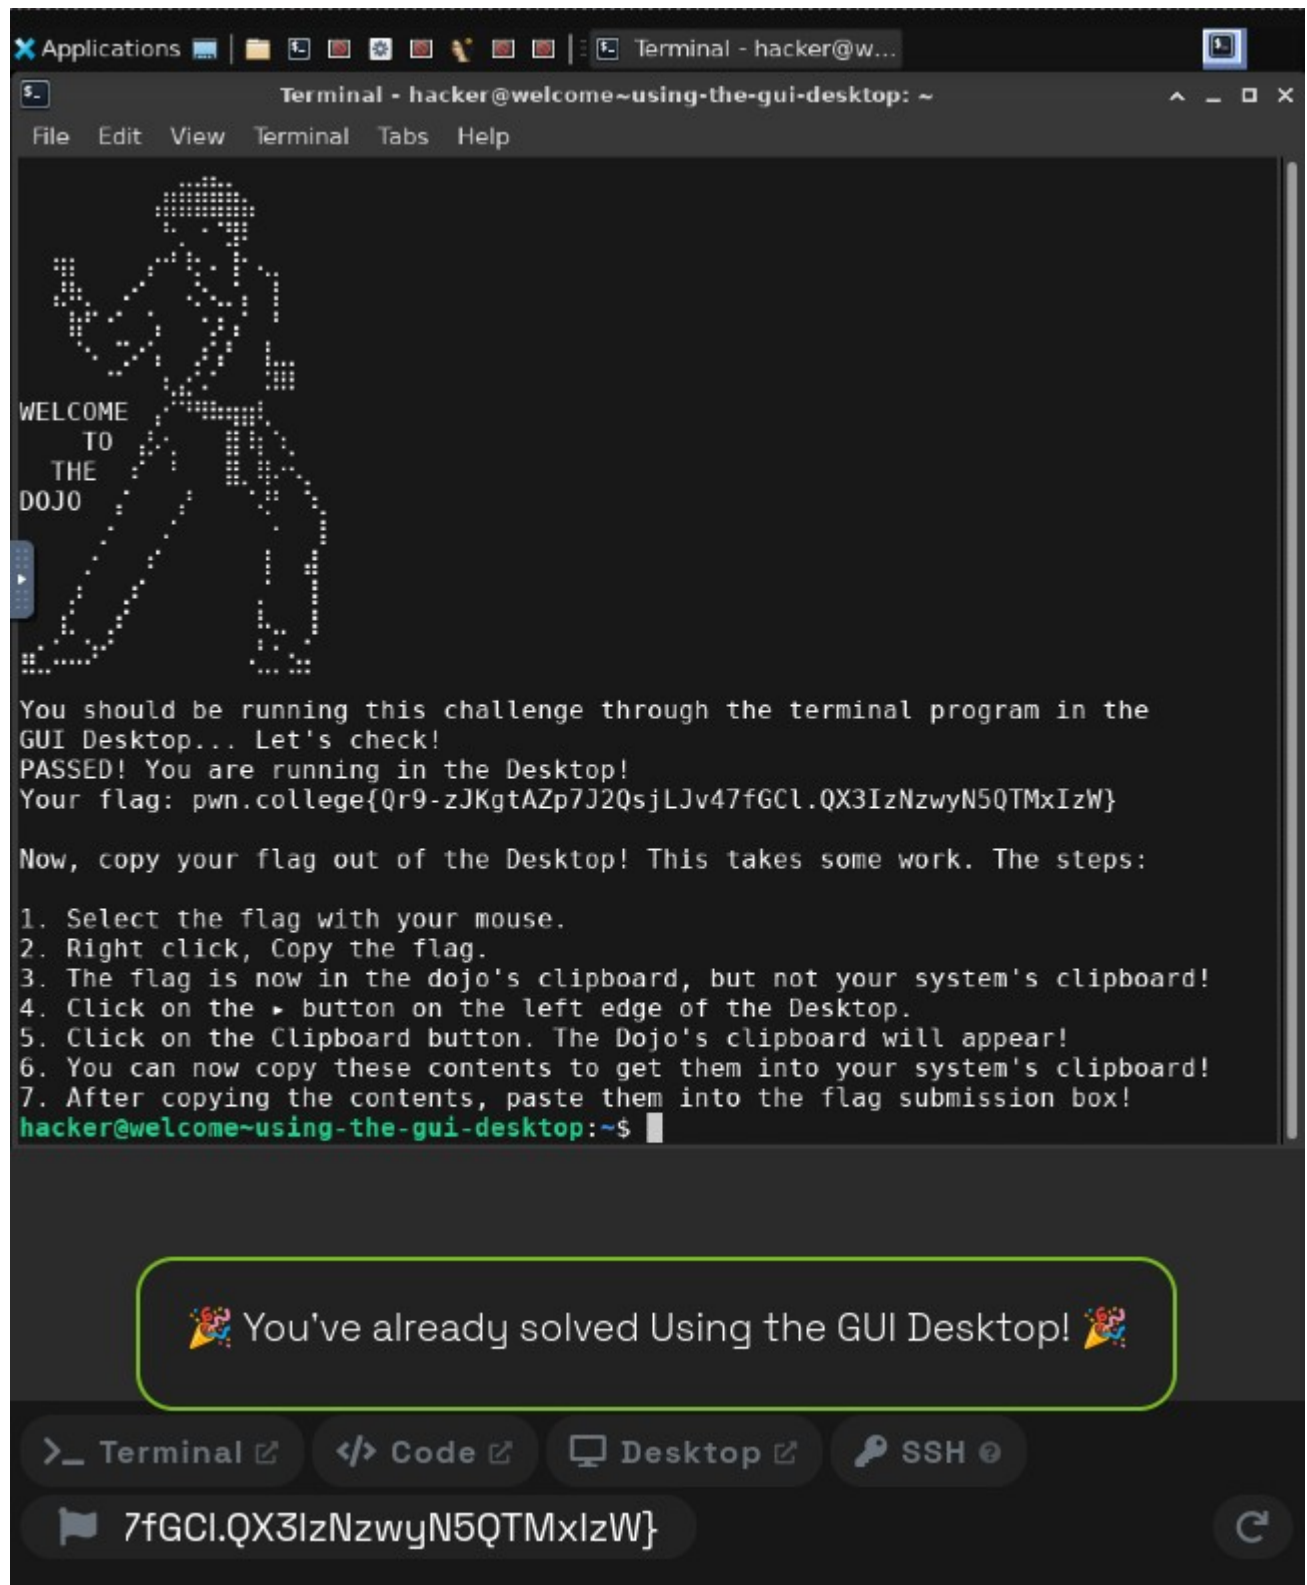

1. Using the Terminal:

2. Using the VSCode Workspace:

3. Using the GUI Desktop:

4. Pasting into the Desktop:

```
Terminal - hacker@welcome~pasting-into-the-desktop: ~
File Edit View Terminal Tabs Help

      WELCOME
      THE
      TO
      DOJO

You should be running this challenge through the terminal program in the
GUI Desktop... Let's check!
You are running in the Desktop!

Let's learn to paste from outside of the Desktop. Like copying, pasting is a
bit involved... After copying something on your system outside of the dojo
(for example, from another browser tab):

1. Click on the ► button on the left edge of the Desktop.
2. Click on the Clipboard button. The Dojo's clipboard will appear!
3. Overwrite the contents of the dojo's clipboard with the contents of your
   system's clipboard (for example, Ctrl-A followed by Ctrl-V).
4. Now the contents are in the dojo's clipboard!
5. Paste the contents into the terminal (Right Click->Paste).

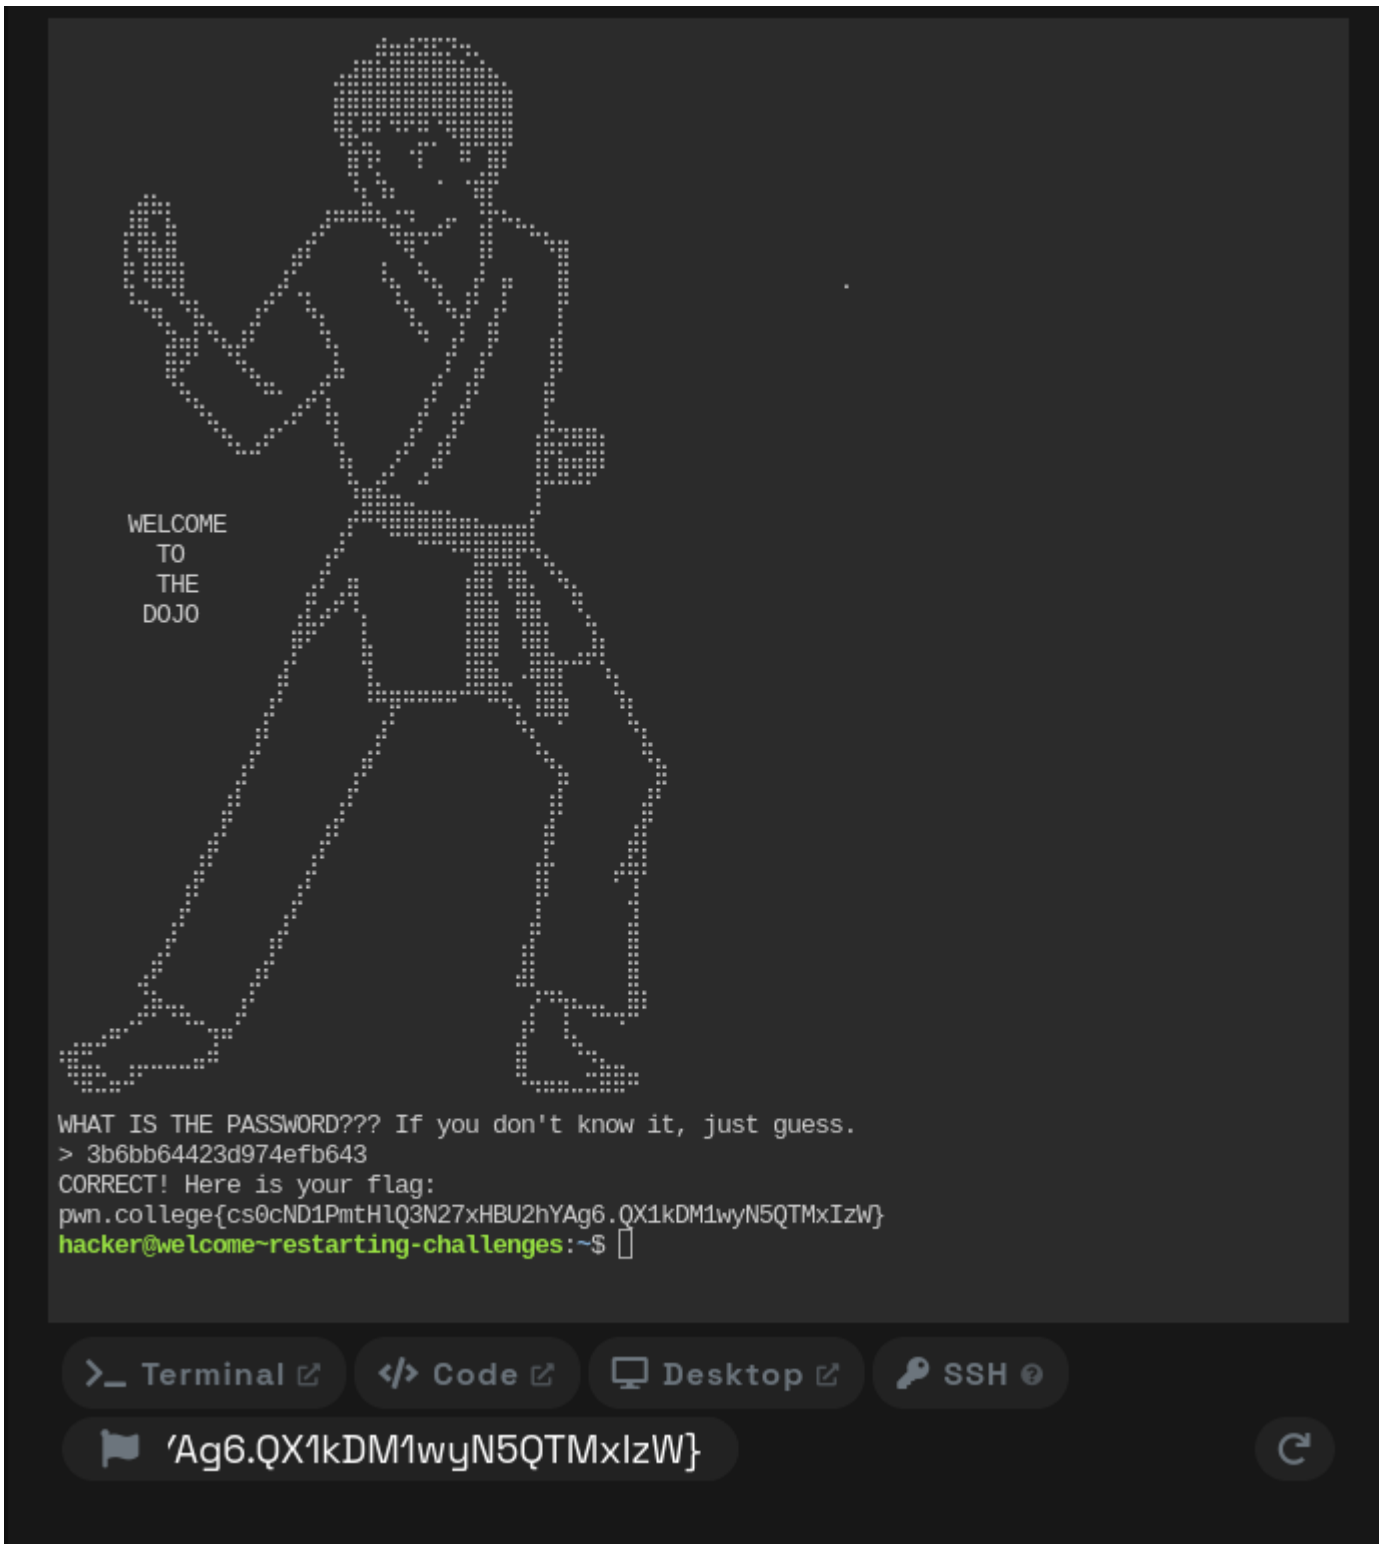

Now, go copy the secret token from the challenge description, then paste it
into this terminal using the steps above!
f8e5eb3178faf47ce5692f7f618e8f6f0e8769de7dd67ffe62b4375430a31e1b9d18a9574e8231e9
8572
CORRECT! Your flag: pwn.college{MjD8KtYnDVq-7mHu3vltQBPIcxm.QX4IzNzwyN5QTMxIzW}
hacker@welcome~pasting-into-the-desktop:~$
```

You've already solved Pasting into the Desktop!

Terminal Code Desktop SSH

'lcxm.QX4IzNzwyN5QTMxIzW}'

5. Restarting Challenges:

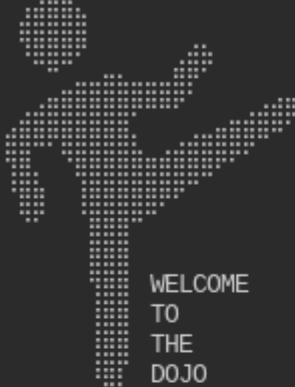

6. Challenge Programs:

[illegible]

🎉 You've already solved Challenge Programs! 🎉

7. The Flag File:

```
hacker@welcome-the-flag-file:~$ /challenge/solve
```

```
Making the flag world readable (chmod 644 /flag).  
.....DONE! Go read /flag (e.g., using cat)!
```

```
hacker@welcome-the-flag-file:~$ cat /flag
```

```
pwn.college{8cEK0QifS9AUojvgmkcmDm2wMRJ.QX5IzNzwyN5QTMxIzW}
```

```
hacker@welcome-the-flag-file:~$
```

🎉 Successfully completed The Flag File! 🎉

>_ Terminal

</> Code

🖥 Desktop

🔑 SSH

🚩 pwn.college{8cEK0QifS9AUojvgmkcmDm2wMRJ.QX5IzNzwyN5QTMxIzW}

8. Using Privileged Mode:

```
hacker@practice~welcome~using-privileged-mode:~$ sudo cat /challenge/secret
f8440e72b3a4ea48ff71530e2130ab4f847bcfda05d9d639b6692fd029abcace6f0fc28070256bda0f21
hacker@practice~welcome~using-privileged-mode:~$ █

hacker@welcome~using-privileged-mode:~$ /challenge/solve

      WELCOME
      TO
      THE
      DOJO

You are not running in Privileged mode! Hopefully, you have already run this
challenge in Privileged mode and used sudo to read /challenge/secret. If not,
restart this challenge in Privileged mode and do so, then come back to real
mode to try this again.

ENTER SECRET: f8440e72b3a4ea48ff71530e2130ab4f847bcfda05d9d639b6692fd029abcace6f
0fc28070256bda0f21
CORRECT! Your flag: pwn.college{s1M8-VhmDqsVmvVB1o2NArpSrdk.QXwMzNzwyN5QTMxIzW}
hacker@welcome~using-privileged-mode:~$ █
```

🎉 Successfully completed Using Privileged Mode! 🎉

>_ Terminal </> Code 🖥 Desktop 🔑 SSH

rdk.QXwMzNzwyN5QTMxIzW} sudo

9. Persistent Home Directories – One:

```
hacker@welcome-persistent-home-directories-one:~$ /challenge/solve
```

```

=====
/ _ )
( | | _ . ' ' { }
---- | = / \ ' :
WELCOME ^ ~ / ( ) \ _ . '
----- TO | _ \ // | ' ' ' | - '8,
-- | _ ' - [ ] _ / ..... \ - '0
THE { } ' ' \ // | ' :
DOJO ' . . ' \ \ _ /
      // | \ \ _ /
      // | \ \ _ /
snd    // //

```

The file is present and correct! In the next challenge, you will see that the file stays around! For now, here is the flag for this challenge:

pwn.college{A3aMXKdDZMRZHR-2zsVi8i8vXU0.QXxMzNzwyN5QTMxIzW}

```
hacker@welcome-persistent-home-directories-one:~$
```

🎉 Successfully completed Persistent Home Directories - One! 🎉

[>_ Terminal](#) 

Code 

 Desktop 

SSH ?

🚩 XU0.QXxMzNzwyN5QTMxIzW}

☐ sudo

10. Persistent Home Directories – Two:

```
hacker@welcome-persistent-home-directories-two:~$ /challenge/solve
```

```
      .==  
      /  _)  
      (  ||_.''.  { }  
-----  |  =/\  /' :  
WELCOME  ^\~/( ) \_.'  
----- TO  |_  \  //  |''''  _  |-'8,  
--  :  |_  '-[]_  /  '.....\--.0  
THE  { } ''.' \  //  |':  ''  
DOJO  '...'  /\  \  /  
      //|\  '...'  '  
snd    //  //
```

Congratulations! The file that you created in the last challenge is still present in your home directory! Please keep in mind that, though the contents of /home/hacker persist, other areas (such as /tmp, /challenge, and so on) do not.

Anyways, here is your flag:

```
pwn.college{oELxGxBLS9SH0fFFEY1EEra5hXl.QXyMzNzwyN5QTMxIzW}
```

```
hacker@welcome-persistent-home-directories-two:~$
```

Successfully completed Persistent Home
Directories - Two!

>_ Terminal

</> Code

Desktop

SSH

ihXl.QXyMzNzwyN5QTMxIzW}

sudo

CONCLUZII

Lucrarea „PWN.College – Getting Started” a fost o introducere simplă, dar necesară, în platforma pe care voi lucra în continuare. Înainte să încep să rezolv provocări propriu-zise, a trebuit să înțeleg cum funcționează mediul: terminalul, workspace-ul VSCode și desktopul grafic. Am învățat și cum să lipesc text în desktop, ceea ce la început nu era deloc evident. În cele 10 pași, fiecare cu o problemă mică de rezolvat, m-am obișnuit cu instrumentele de care am nevoie.

Am aflat cum se repornesc provocările când ceva nu merge și cum se rulează programele din ele. Am întâlnit și fișierul cu flag-ul, pe care trebuie să-l găsesc pentru a demonstra că am rezolvat o provocare, apoi modul privilegiat, care oferă drepturi mai mari în mediul de lucru. Ultimii doi pași, cu directoarele home persistente, mi-au arătat că fișierele mele se păstrează între sesiuni, deci nu pierd ce am făcut.

Deși lucrarea nu a fost dificilă, mi-a fost utilă, pentru că m-a scutit de confuzii mai târziu. Acum știu cum arată mediul de lucru și cum să-l folosesc, așa că pot trece la provocările următoare mai sigur pe mine.
